Dear Peter,

On behalf of the National MS Society, South Florida Chapter, I want to thank you for your participation in both the Men's Day and Women's Retreat which we conducted in June and July.

Your motivational talk and focus on the importance of humor was so inspiring to the group of men and women who attended these respective events. Most in attendance are faced with the daily issues of living with a debilitating disease including depression, fatigue, and mobility challenges. You made them laugh and feel good about themselves.

At the conclusion of the Women's retreat in Miami we distributed a survey for the participants to rate the activities of the entire weekend. Peter, good news: your session received the highest marks second only to the free massages we offered to all that weekend! That's quite a compliment.

I look forward to working together with you in the future. What you did for those with MS in our community was so greatly appreciated.

Warm Regards,

Karen Dresbach
President

Every hour of the day someone is diagnosed with MS. This is why we are here. Please remember the National MS Society in your will.
