Dear Peter,

On behalf of myself and the legal department of Affiliated Computer Services, Inc., I want to thank you for your wonderful comic performance at our 2006 Annual Legal Retreat held this month in San Antonio, Texas.

I was impressed at how you were able to take the "inside information" I provided you about various attendees and turn it into good, clean humor for all. You included most everyone and delivered a positive, fun mood for the rest of the retreat.

You're a real pro in your profession and I received positive feed back from the staff and executives that attended.

Again, thanks for making our retreat that much more enjoyable!

Sincerely,
